Cover Letter - Sam Okafor

SYNTHETIC SAMPLE - Northwind Analytics is a fictional company created for the ApplyProof demo.

I would love to join Northwind Analytics because turning messy ridership data into clear decisions for city partners is exactly the work I enjoy most I would love to join Northwind Analytics because turning messy ridership data into clear decisions for city partners is exactly the work I enjoy most I would love to join Northwind Analytics because turning messy ridership data into clear decisions for city partners is exactly the work I enjoy most I would love to join Northwind Analytics because turning messy ridership data into clear decisions for city partners is exactly the work I enjoy most I would love to join Northwind Analytics because turning messy ridership data into clear decisions for city partners is exactly the work I enjoy most I would love to join Northwind Analytics because turning messy ridership data into clear decisions for city partners is exactly the work I enjoy most I would love to join Northwind Analytics because turning messy ridership data into clear decisions for city partners is exactly the work I enjoy most I would love to join Northwind Analytics because turning messy ridership data into clear decisions for city partners is exactly the work I enjoy most I would love to join Northwind Analytics because turning messy ridership data into clear decisions for city partners is exactly the work I enjoy most I would love to join Northwind Analytics because turning messy ridership data into clear decisions for city partners is exactly the work I enjoy most I
